ZiviltechnikerInnen | Arch+Ing

DO YOU KNOW A FEMALE ARCHITECT OR ENGINEER?

Maybe you have heard of Zaha Hadid or Margarethe Schütte-Lihotzky?

There are 1.119 female architects and chartered engineering consultants registered in Austria and 707 of them are actively working in their field of profession. 1.119 women, representing 10% of highly trained and officially accredited experts in Austria who design and create our built environment.

The **anotherVIEWture AWARD** introduces many of these women and their work to you and a broader public in order to raise awareness of the female contribution in the building industry and to highlight role models in order to transform this field of profession towards equality and diversity.

Timeline

REGISTRATION AND SUBMISSION OPEN	March 31, 2022
DEADLINE SUBMISSION	June 30, 2022 12 a.m. CET
JURY	September 30, 2022
AWARD CEREMONY	October 20, 2022

**Category I
Female
Architect
of the Year**

**Category II
Emerging
Female
Architect
of the Year**

**Category III
Female
Engineering
Achievement
of the Year**

**Category IV
International
Female
Architect
of the Year**

Category I is intended to honour the work of Austrian female architects.

Category II is intended to honour the work of Austrian female architects under 40 years of age at the time of the deadline for submission.

Category III is intended to honour advanced technical engineering achievements that combine functionality, economy, innovation and aesthetics in the planning, construction and use of buildings.

Category IV is intended to honour female architects registered in countries other than Austria.

Categories

Every female architect or civil engineer with an Austrian ZiviltechnikerInnen-Befugnis (active or inactive) is welcome to submit in categories I to III. In Category IV female architects with a similar foreign authorization can apply.

As a result of the jury process, there will be one winner per category. The prize money for the winner in each category is EUR 5.000.

**SUBMIT YOUR
PROJECT NOW**

anotherviewture.at

These are our aims:

- Highlight the contribution of women to building culture
- Highlight the contribution of women in technical professions and their importance in providing highly complex planning services.
- Create opportunities to network and empower women in technical planning professions
- Create role models
- Raise awareness that the advancement of women is important and necessary, especially in technical professions.
- Increase the proportion of women among architects and engineering consultants.
